

Speedwell Weather Derivatives at WRMA Tokyo March 4th-5th 2004

Dr Michael Moreno, Chief Technical Architect, and Stephen Doherty, CEO, would be very pleased to meet you and to introduce you to **SWS Vs 4.0**, the latest release of our weather derivative pricing and risk management software.

SWS will be available for demonstrations from 10.00am March 4th to 16.00pm March 5th at the **Shogetsu Room** which is located on the first floor of **Prince Hall** at the **Makuhari Prince Hotel**. The room will be available both before and after the scheduled conference and during conference breaks. We would, however, be very pleased to arrange a private demonstration for any time you may require.

Speedwell Weather Derivatives Ltd are joint sponsors of the annual Asian-Pacific WRMA meeting 2004.
