

May 2018 Energy Price Data Inventory

The data sets listed below are available for no additional charge to SuperPack Premium users on a reasonable request basis. We are continuously expanding our energy price services so this list will therefore be updated on a periodic basis. Individual data feeds under each category are shown in adjacent sheets

Data Element Name	Provider	Brief description	Number of Sites	Earliest Data	Is Hourly
Gas Day Ahead Price	EEX	Daily gas day ahead settlement prices from the European Energy Exchange (EEX) for 3 market areas (GPL, NCG, TTF)	3	31/May/11	No
